BAKER'S CLOUT WINS

HITS BALL OUT OF LOT WITH COLLINS ON BASE.

Fatal Blow Came in Sixth Inning—Plank and Marquard Both Pitch Great Ball—Each Team Has Won One Game.

Philadelphia, Oct. 16.—When John Franklin Baker, third baseman, poled a home run over the right field wall of Shibe park, scoring "Eddie" Collins ahead of him to day, he put the Philadelphia on an even footing with the New York and the two teams will now go to New York for the third game to morrow in the series for the world's baseball honors. The score: Philadelphia 3, New York 3.

The big hit came in the sixth inning with two out and when the fighting Athletics had touched up Pitcher Marquard of the National league champions for only three hits. Baker's smash was the last in the game for the American leaguers, but it was enough. And just as important as Baker on the offensive, was "Eddie" Plank, the veteran southpaw, who never pitched a better game in his long career. Only one of the Nationals reached second base and that was Herzog, who made that bag on a long hit to center field which Oldring either misjudged or lost in the sun. Plank was never in trouble and in the last six innings New York went out in order.

Marquard pitched a game that was almost the equal of that of Plank. He allowed the heavy hitting Philadelphia team but four hits, two in the first inning, in which the Americans got their first run with the help of a wild pitch and two in the sixth. Collins' double and Baker's hit out of the grounds.

In the eighth inning Manager McGraw changed pitchers, sending in Crandall, a right-hander. Marquard was hit harder than the score indicates. Five of the outs were long flies. Devoe and one long fly went to Snodgrass. New York sent only three flies to the outfield, two of which were captured by Lord and one by Oldring. Plank had eight strikeouts. Devoe falling a victim to the cross-fire delivery of the Philadelphia four times, while Marquard struck out twice and Murray and Snodgrass once each.

Six of the Americans went out by the strikeout route. They were Lord (2), Baker, Murphy and Plank (2). Marquard got four of these and Crandall two. Lord and Plank in the closing inning.

Neither Plank nor Marquard gave a base on balls. The only misplay charged against them was Marquard's wild throw in the first inning and a man hit by a pitched ball by Plank. The Americans went out in order in five innings.

New York's only run was put across the plate by the last ball of the batting order. It came in the second inning. Herzog drove a fly to center, which Oldring failed to get and the New Yorker pulled up at second. He went to third on Fletcher's infield out and raced across the home plate when Myers hit a single to left.

Philadelphia's first run came in the opening. Lord, the first man up, singled to right and reached second on Murphy's fumble. He was sacrificed to third by Oldring and came home on Marquard's wild pitch.

The fielding honors were the reverse of those of Saturday. The particular feature was Lord's quick fielding of Snodgrass' long hit and his rifle shot throw to second, which caught the feet footed center fielder by a couple of yards trying to stretch the long single into a double.

In the ninth inning Collins took a nasty bounder from the side and tossed out Murray, ending the game. No Errors For Philadelphia.

Philadelphia went through the game without a miscue, while New York had three errors charged against them. These were made by Devoe, who muffed Barry's long fly; Murray's fumble of Lord's hit and a muffed foul fly sent up by Lord; and of these only Murray's figured in the run. Collins, whose error in Saturday's game proved so costly to Philadelphia, played a steady game today, accepting his six chances with apparent ease. He had two of the four hits off Marquard. The great pitching of both Marquard and Plank gave the fielders few chances for sensational work.

Neither team was given much opportunity to show their speed on the bases. Neither team had a stolen base. Merkle, who was on first in the seventh inning, made a "fake" attempt to go down and took too much of a lead off the bag. Plank turned instantly and by a lightning throw to Davis caught the New York first baseman by a yard.

Beginning of Game.
The game began a few minutes after 2 o'clock with New York at bat. The first ball pitched by Plank was a strike. The next a strike and the third a ball. The fourth pitched sent the left fielder, Devoe, back to the bench. Captain Doyle sent a fly to Lord, which the latter almost lost, slipping on the soft ground as he started after the ball. Snodgrass was struck on the

shirt front by one of Plank's speedy inshoots and went to first. He was left there, as Murray fled to Collins.

In the second half Lord sent a slashing single to right. Murray fumbled it in his hurry and Lord sprinted to second. Oldring laid down a pretty sacrifice which put Lord on third and then Marquard let loose a wild pitch and Lord came home. Collins singled and Baker struck out. Murphy fled to Devoe.

Second Inning.
Merkle was easily disposed of in the second inning, Barry to Davis. Herzog's long hit got away from Oldring in center and the third baseman stopped at second. Fletcher went out, Collins to Davis. On this out Herzog went to third and came home on Myers' single to left, evening up the score.

For Philadelphia Davis was tossed out by Doyle. Devoe made a mess of Barry's long fly and Barry reached second. He was left there, as Thomas sent a long fly to Devoe and Plank went out on a slow grounder which Myers picked up and shot to Merkle.

Third Inning.
Devoe struck out again in the third inning and Doyle went out by a fly to Lord. Snodgrass singled to right after two strikes had been called on him and was left on the base paths. Murray being tossed out by Plank. The Americans went out in order in the third inning, Lord striking out, Oldring fouling to Meyers and Collins flying to Devoe.

Fourth Inning.
New York went out in quick order in the fourth. Collins made a pretty pick-up of Merkle's bounder and tossed him out. Herzog lifted a high fly to Barry which nearly got away from him and Fletcher was an easy out, Barry to Davis.

For the Philadelphia's, Baker was tossed out by Doyle. Murphy sent a high fly to Devoe and Davis sent up a high foul which Meyers got under.

Fifth Inning.
The Indian catcher was first up in fifth inning and went out, Baker to Davis. Marquard struck out on four pitched balls and then Devoe struck out for the third time. Philadelphia's half was short. Barry dropped a ball in front of the plate, but Marquard made a neat pickup and shot the ball to first ahead of the shortstop. Thomas sent a grounder to Fletcher and Plank went back to the bench on three pitched balls.

Sixth Inning.
Davis took Doyle's grounder unassisted in the sixth. Then Snodgrass sent a fast single down the left field line. Lord raced after the ball and when Snodgrass got near second he found that Barry, through a great throw by Lord, had the ball and was waiting for him. Murray struck out.

Baker's Long Hit.
Lord had gone out on a fly to Snodgrass and Oldring on a long drive to Devoe in the second half of the sixth when the breakup came. Collins drove a two-base hit to left field. Baker allowed two balls to go by him and then Marquard sent up one that just suited. The ball sailed high over their light field wall and Collins, who was off with the crack of the bat, "loafed" when he saw that Baker had put the ball out of the grounds. Murphy struck out.

Seventh Inning.
It now took two runs to tie the score and the American Athletics began to sing. Merkle hustled them by sending a single to center on the first ball pitched. Herzog fled to Oldring and Fletcher was an easy out to Baker. Merkle was caught napping, Plank to Davis.

In the Philadelphia seventh inning Davis drove a liner to Doyle and Barry lined to Herzog. Thomas sent up a fly to Fletcher.

Eighth Inning.
Meyers sent a terrific drive to Collins in the eighth inning, which the second sacker held and Crandall, who was sent in to bat for Marquard, went out, Collins to Davis. Devoe struck out for the fourth time.

Plank and Lord struck out in the American half and Oldring, the last man to come to bat for the home team was out, Herzog to Merkle.

Ninth Inning.
New York made a desperate attempt to do something in the ninth but it was futile. Doyle fouled to Thomas, Snodgrass struck out and Murray sent an ugly grounder that Collins snared and tossed to Davis.

Both teams returned to New York to night. The score: New York, A. B. R. H. O. A. E. CHINESE WAR NEWS

THREE GUNBOATS DISABLED BY REVOLUTIONISTS.

Eighteen Hundred of Gen. Piao's Forces Said to Have Revolted—Chinese National Association Sends Telegrams to Taft and Knox

San Francisco, Oct. 16.—News of the first engagement between the Chinese revolutionists and the imperial forces was received here today. A cablegram to the Chinese Free Press, published here, gives an account of the disabling of three government gunboats by the revolutionists near Hankow yesterday.

The boats destroyed were the Chong Kung, the Chong Kung, and Chong Choy. Two other boats of the flotilla, one of which carried Su Ching, viceroy of the Hu Teh province, escaped.

It is reported to day at the local headquarters of the revolutionary government that the 1,800 men under General Ching Piao revolted and joined the revolutionists. From Hang Weng it was reported that troops numbering 10,000 came over to join Li-Yuen Hung, commander of the revolutionary army.

Ask Neutrality.
The Chinese national association, through its secretary, Tse King Chong, to day wired President Taft and Secretary Knox as follows:

"The Chinese National association representing four-fifths of the Chinese residents of the United States, British Columbia and Mexico, earnestly request that the United States government use its best offices to maintain or preserve the neutrality of the powers toward the revolutionary struggle now in progress in China, in order that its government may be established."

The following cablegram was received by the Free Press from Shanghai to day:

"Although the Peking government has strictly prohibited the sending of news of the rebellion from the seat of the disturbance, news of a serious nature is leaking out, which shows that the days of the Manchu regime are numbered."

Imperialists Join Revolutionists.
The revolutionary volunteer army is occupying several districts of the province of Sze-Chuen. The imperial army of Honan was being sent south in the province of Hu-Peh, and after having met the revolutionists railway guards, rebelled against their officers and were recruited to the revolutionary cause. Three thousand of these imperialists joined the revolutionists. Three ship loads of foreign refugees, consisting of women and children, have just arrived from Hankow. They report that the revolutionists have control of Hankow, San Yang and Wu Chang and are organizing additional forces of the cities in these localities.

General Li-Yuen Hung, a revolutionist leader, is leading 20,000 picked soldiers against the imperialists. The Hen Yang arsenal, in the hands of the revolutionists, is rushing work day and night, getting out rifles and arms for the revolutionary army.

Prominent Men Killed.
Ki-Fang Shi, oil commissioner of the province of Sze Chuen and Lien Kah, treasurer of the province of Anhui, have been killed by the revolutionists.

Two imperial warships near Hankow were destroyed yesterday by the revolutionists in Wu Chang. This makes three warships destroyed by the revolutionists since the outbreak.

Yuen Shi Kai has refused the appointment of viceroy of the provinces of Hu-Peh and Hunan and Sen Chuan Hsiao has resigned from his post as military commander of the province of Sze Chuen.

General Yin Chang has not yet started south from Peking against the revolutionists.

AWFUL KANSAS CRIME

Entire Family Was Battered Beyond Recognition by Axe—No Clue to Perpetrator.

Ellsworth, Kan., Oct. 16.—Slain as they slept on Sunday night, the bodies of Will Showman, a chauffeur, his wife and three small children were discovered tonight in the Showman home by a neighbor who entered the house when no one responded to his knock.

The features of the five victims were battered beyond recognition by an axe, which the slayer had used. The youngest member of the family, a baby, had been beaten until its head was severed from the body. All three of the children were under 5 years old. The authorities have failed to find a clue to the perpetrator.

TO REVISE AND CODIFY BUILDING LAWS.
Springfield, Oct. 16.—Governor Denson to day named the following as members of the state commission to revise and codify the building laws of the state of Illinois, under an act passed by the forty-seventh general assembly:

Architects—Prof. N. C. Ricker, Urbana; Richard Ernest Schmidt, Chicago.

Structural engineers—W. C. Armstrong, terminal engineer Chicago & Northwestern Railroad company, Chicago; Prof. I. O. Baker, Urbana.

Fire protection expert—W. H. Merrill, Lake Forest.

A building contractor—George J. Jobst, Peoria.

Lay member—William Herman Stahl, Chicago.

DYNAMITE PLOT ON STAND ALL DAY

BIG CHARGE OF EXPLOSIVE FOUND UNDER BRIDGE IN CALIFORNIA.

President Taft Train Routed That Way—Men Littering Near Bridge Discovered by Night Watchman—Disappeared in Darkness When Approached—Fuse Attached to Dynamite.

San Francisco, Calif., Oct. 16.—A report received here today by officials of the Southern Pacific Railway company from C. B. Brown, section foreman for the road at Naples, Calif., gave details of the discovery of thirty-six sticks of dynamite under the Carlin viaduct, twenty miles north of Santa Barbara, several hours before President Taft's special train passed over the bridge, enroute to Los Angeles, this morning.

The night watchman saw two men on the bridge shortly before 2 o'clock. They were at the opposite end of the 1,000 foot span and ran when ordered to halt. The watchman hurried across the bridge, firing several shots, which were returned. After the pair had escaped in the darkness, the watchman returned to the bridge and began an investigation. Near the center of the span, lodged on one of the supports of the viaduct, he found thirty-six sticks of dynamite with a ten foot fuse attached to one of the sticks.

He left the dynamite, going immediately to Santa Barbara and notifying the officials. Sheriff Wines of Santa Barbara county went immediately to the bridge with several deputies and removed the dynamite.

A general search is being made for the men. President Taft's train passed over the bridge at 5:15 a. m.

TAFT WELCOMED

Residents of Southern California Receive President Heartily—Chief Executive Talks of Votes and Tariff Board and Addresses Meeting of Negroes.

Los Angeles, Calif., Oct. 16.—President Taft spent to day in impromptu Southern California and received a hearty welcome in Los Angeles and Pasadena. The streets were thronged and there were cheers all along the route. It was entirely a nonpartisan reception, Senator Works and Governor Hiram Johnson of the insurgent wing of the Republican party accompanying Mr. Taft on all his travels.

The president's principal address at the auditorium was on the subject of votes and the tariff board. Following an appeal for scientific revision of the various schedules based upon reports of the tariff board, Mr. Taft called out a storm of cheers by announcing to the lemon growers that the tariff on their product would not be changed until the tariff board had time to investigate and report on the difference in the cost of production at home and abroad.

"The tariff board," said the president, "made up of highly honorable men who are anxious to do facts without reference to their political effect. They would scorn to change their views for any political consideration."

Mr. Taft was on the go from early morning until midnight, when he retired at the home of his sister, Mrs. W. A. Edwards, in this city.

Mr. Taft was taken to Pasadena for luncheon. On the way back he stopped at Alhambra to review a mass of school children.

Taft Shielded From Runaway.
As he was leaving Alhambra an unbroken horse attached to a delivery wagon took fright as the president's car whizzed by and started on a wild dash. Three or four local detectives leaped from escorting cars and grabbed for the animal's bridle. They were shaken off. Then three of the machines in the parade closed around the horse shutting him in as they rushed along.

Mr. Taft heard nothing of the alleged attempt to dynamite a bridge on the Southern Pacific railway above Santa Barbara until late to night. The president's train last night followed the regular train from San Francisco, ten miles behind and there had been any trouble, there would have been plenty of time to flag the special. All of the railroads are handling the Taft train with the greatest care.

Mr. Taft made to night a further appeal for support of the arbitration treaties at the banquet given in his honor by the chamber of commerce.

Addressed Negro Citizens.
The president to day addressed a meeting of negroes where he declared that he thought Booker T. Washington "one of the greatest men of this and the last century, white or black."

"I think so," he added, "because he has the courage, while he loves your race, to tell you the truth and to tell you the one way by which you can earn your place in the community and render it better and higher."

KILLED BY STREET CAR

Rock Island, Ill., Oct. 16.—Frank H. Kelly, former master in chancery and assistant prosecuting county attorney, was run over and killed here today by a street car which he was attempting to board.

Kelly was 42 years old and leaves a family.

W. C. BLAIR GIVEN LONG GRILLING BY LOIMMER COMMITTEE.

Made Contradictory Statements at Times—Admits Meeting Thomas Tiptit—Ordered to Bring All Books and Papers Bearing on His Accounts Before Committee.

Chicago, Oct. 16.—At the conclusion of an all day examination by the Lorimer investigating committee of the United States senate to day, former State Representative William C. Blair of Mt. Vernon was ordered to go to his home and secure all accounts, papers and records bearing upon his financial affairs for the year 1909.

Senator Dillingham, chairman of the senatorial committee, directed Blair to produce these papers in Chicago and be ready to resume the witness stand next Monday.

Acknowledges Meeting Tiptit.
Blair was the only witness before the committee to day. His testimony at times was contradictory and he was forced to withdraw statements which he made on the stand last week. Just after the witness testified to day that he was in Mt. Vernon on that date, a hotel register was introduced to show that Blair was in Olney, Ill., on July 19, 1909.

Blair said that he had been in Olney on that date, but he had been there on former State Representative Thomas Tiptit at Olney at this time, whereas previously he had testified several times that he had not met Tiptit on or near this date.

Blair was interrogated by Attorney Healy in connection with the ball game episode at Centralia, Ill., in August, 1909, when it was charged he exhibited eleven \$100 bills in addition to other money.

The Ball Game Incident.
Senators Kenyon, Lea and Jones also questioned the witness closely regarding the source of the money which Blair exhibited at the ball game.

"When was the last time you saw Representative Thomas Tiptit, after the legislature adjourned and before the ball game at Centralia?" was asked.

"I saw him at the fair at Mt. Vernon," Blair testified.

"Did you see Mr. Tiptit within one week before the ball game?" "I don't think so. I wouldn't be certain."

"Why did you make the last trip to Olney before the ball game?" "I went there to pay my debts."

"Who did you pay?" "I don't remember."

"Did you see Mr. Tiptit?" "I don't think so."

"Did you try to see him?" "Yes, I went to his office, but he wasn't there."

"Did you borrow any money from him this time?" "I didn't."

Denies Tanner's Statement.
"Your friend, Mr. Tanner, testified that you told him at the ball game that you had just returned from Olney where you said you had gotten the \$100 bills from a client," Senator Jones said.

"That is not true. I never told Tanner anything of that kind."

"Didn't you go from Olney direct to the ball game at Centralia?" Senator Kenyon asked.

"No, I think not."

The witness was questioned regarding a visit to Odlin, Ill., shortly before the Centralia ball game. Blair declared that he went to Odlin to collect a fee for defending several "safe blowers."

He said, however, that he did not get any money from the safe blowers at that time.

"Was this before or after the safe blowers?" Senator Kenyon asked.

"I don't know."

"Did you ever tell any person at any time or place, that you divided a big fee with Mr. Tiptit because he had given you outside aid in a big case?"

"No sir, I did not."

Blair was questioned by Attorney Healy at this point regarding his use of railroad passes. Railroad maps were exhibited and the proximity of the towns of Olney, Odlin and Centralia explained to the committee.

Recalls Facts About Salary.
"Is it not true that you met Mr. Tiptit at Olney on the morning of the day of the Centralia ball game?" "No."

"Will you swear so?" "Well, I don't think so."

"Isn't it true that you were given \$50 by the state auditor on January 7, 1909?"

"I think so."

"And an auditor's voucher for \$750 was sent for you to the Mt. Vernon bank February 9?"

"The record will show that."

"And on February 18, 1909, you were paid \$1,274.20 in cash in the state auditor's office?"

"Well possibly."

Admits Being Broke.
"And as a matter of fact that was the last money paid you or coming to you as a member of the legislature, wasn't it?"

"Yes, sir."

"How much were you in debt for your campaign for the legislature?" "About \$1,500 to \$2,000."

"Then when the legislature adjourned you were broke, weren't you?"

"Yes, I guess so."

At this juncture Attorney Healy and Attorney Hancey clashed.

"I object to this trapping, nagging and tripping of the witness," Attorney Hancey said.

Attorney Healy, however, continued to question Blair regarding his testimony before the Cook county grand jury in relation to his financial status at the end of the 1909 legislative session.

Hotel Register in Evidence.

At the beginning of the afternoon session Blair was questioned regarding the hour at which he arrived in Olney on July 19, 1909. He said he could not remember.

Attorney Healy exhibited the register of the National hotel at Olney and pointed out that the notation "one-half" appeared before Blair's name in connection with his lodgings account for room No. 22.

Blair's explanation that he went to Olney at that time to discuss with some friends the advisability of again becoming a candidate for the legislature was questioned by members of the committee.

Attorney Hancey in cross examination the witness led up to the investigation made by State's Attorney Wayman of Chicago in May, 1910.

Blair said that Wayman came to see him at Mount Vernon with the purpose of having Blair give testimony before the Cook county grand jury.

Tells of Visit From Wayman.
"Mr. Wayman asked me to tell certain things about Charlie Luke and promised that he would take care of me if I would do so before the Cook county grand jury," Blair said.

"I told Mr. Wayman that I could not tell about the things he requested because I knew nothing about them. However, I agreed to go before the grand jury and be examined."

"I got ready to go to Chicago that night."

Attorney Hancey then asked if Mr. Wayman was accompanied by representatives or reporters of the Chicago Tribune and Blair named Edward Phillips.

Blair continued his testimony by relating his experiences before the Cook county grand jury which shortly after voted indictments against Lee O'Neil Browne.

Witnesses Testify in Favor of Senator Stephenson—Charge May Fall.

Milwaukee, Wis., Oct. 16.—The charges that bribery and corruption contributed to the election of United States Senator Isaac Stephenson were denied by three witnesses before the senatorial investigating committee to day. Following a statement by Senator W. B. Heyburn chairman of the committee, that somebody must sustain the charges or they will fail, the witnesses, each of whom had been named in charges submitted to the United States senate, declared they never had aided Senator Stephenson in the manner charged.

Enter Denials.
The witness, C. M. Hambright of Milwaukee, U. C. Kaelin of Baraboo, Wis., and E. M. Hyzer, general counsel of the Chicago and Northwestern railroad—had been named by State Senator J. J. Blaine in three of his sixteen charges as corruptly and unlawfully working for Senator Stephenson.

It was Blaine's charges which resulted in the senatorial investigation, although Blaine last week admitted on the stand that he had based his charges largely on what he had read in anti-Stephenson newspapers and on hearsay.

Koller was charged with receiving \$300 as a consideration "unlawfully and corruptly" to induce him to work as a Stephenson supporter in the primary campaign of 1908. On the witness stand Koller gave a detailed account of his work as a political worker and said \$200 had been given him out of the \$107,793 Stephenson campaign fund to defray his expenses in traveling through rural districts.

In answer to the charge that he had received large sums of money corruptly, Hambright explained that he was paid \$300 for services and \$245 for expenses while employed as a regular political worker.

Hyzer, who with Max Sells, was charged with unlawfully giving his services as an employee of the Chicago and Northwestern railroad to defend candidates for the legislature opposed to Senator Stephenson, said he had been named as an intervenor and merely was a friend of the senator in his election. He said he never had received any money for political work. Sells gave similar testimony.

Editor Pollock on Stand.
Questioned as to a charge that he had been offered money to purchase his editorial support in violation of the law, Edward Pollock, editor of a newspaper at Lancaster, Wis., declared he had devoted to Senator Stephenson, but he said he refused the offers.

"Now," Chairman Heyburn said, "it is specifically charged that this money was offered you for an unlawful purpose. Somebody must sustain these charges or they will fail. Was that money offered you as a bribe?"

"Well," the witness replied, "as I was supporting another candidate it might be looked upon as an effort to purchase my influence, but I am not certain."

Will Present Correspondence.
Pollock was instructed to return to Lancaster to secure all the correspondence he had on the subject. Much of tomorrow's session is expected to be devoted to examination of former State Game Warden J. W. Stone, who, according to the report of a previous legislative investigation, received \$2,500 from the Stephenson fund which he distributed to various state officials.

FINANCER DEAD.
Bloomington, Ill., Oct. 16.—Richard J. Byrnie, one of the owners of the Chicago bank, and well known throughout central Illinois as a financier, died suddenly Sunday evening, after returning from an automobile ride.

THE M'NAMARA TRIAL

TALESMAN NELSON IS FINALLY DISCHARGED FROM DUTY.

His Answers Had Been Source of Trouble to Court and Attorneys—Two Other Men Examined by Defense.

Los Angeles, Cal., Oct. 16.—When caught in the first snag the McNamara murder trial in an instant to day twisted itself out of a situation which had worried opposing counsel since last Wednesday and for the remainder of the day at least went ahead joyfully.

"Could you set aside your opinions sufficiently to enable you to give a fair and impartial verdict?" was the question put to Talesman Z. T. Nelson by Judge Walter Bordwell supplementing the earlier examination by Attorney Clarence S. Darrow, chief counsel for James B. McNamara, who is on trial for the murder of Charles J. Haggerty, a machinist, killed in the Times explosion, a year ago.

Not Certain About Fairness.
Nelson had been asked many hundreds of questions to elicit views and he had answered all of them without clearing up the situation. "I don't just know," he replied to this one and in an instant District Attorney John D. Fredericks for the state withdrew opposition to a challenge previously made by the defense on the charge of bias.

"There was not anything else to do after that question and answer," Fredericks said later. "The talesman was disqualified himself. There

YOUNG LADIES' AID SOCIETY.
The annual election of officers of the Young Ladies' Aid society of the First Baptist church took place at a meeting of the society held last evening at the church, the result being as follows:

President—Miss Hattie Long.
Vice-president—Miss Clarabel Anderson.
Secretary—Miss Marguerite Mayer.
Treasurer—Miss Lula Wood.
Chairman social committee—Miss Carrie Spires.
Chairman program committee—Miss Hattie Adams.
Chairman relief committee—Miss Maud Nesmith.
Chairman flower committee—Miss Louise Guyette.

Miss Carrie Spires is the retiring president and under her leadership the society has had a very successful year. Plans for the coming year were also discussed at the meeting last evening.

TEMPERANCE ADDRESS

Rev. Walter E. Spoonts Preaches Forceful Discourse Sunday Evening on the Subject, "The Devil's Platform."

Rev. Walter E. Spoonts, the new pastor at Northminster church, was heard in two splendid addresses Sunday, large audiences being in attendance at both services. In the morning he took for his subject, "The Book," using the Bible as a theme from which he drew some very helpful lessons of faith and hope. The evening service was given over especially to the temperance cause on account of the approaching election on the local option question and aside from the regular members of the church a large number of visitors were present to hear the speaker.

Rev. Mr. Spoonts based his remarks on the passage of scripture, Luke 4, 33-34, where Christ found a man in the synagogue possessed with a devil who cried out, "Leave us alone." The speaker said that it was a peculiarity that in the time of Christ evil spirits or devils were allowed to enter into the bodies of men and hold them in possession. In the words of the text, "Leave us alone," the devils made the plea of social liberty. They did not believe in prohibition. The liberty which the demons of old claimed was, not liberty to do as they pleased with themselves, but the liberty to do as they pleased with other beings. This liberty Christ denied them, as does the church and civilization. Prohibitionists at the foundation of the home, state society and all things.

Mr. Spoonts then went on to show that liberty in its widest sense is freedom from restraint, such as the savage had. He stated that in society liberty was not to do as each man pleased, but to do what society pleased to allow. It is liberty regulated by law. Society has the right to claim from every man, that he should be the best, purest, and strongest being, physically, mentally and spiritually that it is possible to be, and if he is so, society will protect his life.

In speaking of the law, the speaker said "that the law demands, that there shall be, among men an accommodation to each other."

CLAIM SETTLED

Columbian National Paid \$1,000 to F. L. Strawn to Compromise Suit.

Mention was made in the Journal recently of the fact that F. L. Strawn as administrator of the estate of Henrietta Strawn by his attorney, W. N. Hargrove, had filed a suit against the Columbia National Life insurance company on account of the refusal of the company to pay a claim on the life of Mrs. Strawn, who was seriously burned May 22, 1919, death resulting. The case, however, will not come to trial, as Messrs. Strawn and Spink, agents for the company, have compromised with Mr. Strawn, the payment, it is understood being \$1,000. Mr. Strawn signed a letter addressed to Messrs. Strawn & Spink, expressing his satisfaction with the settlement made. Mrs. Strawn was insured under a beneficiary policy, which means one issued supplementary to an accident policy carried by her husband. A beneficiary policy only covers a few injuries, and the clause covering that of "burning" reads as follows: "In consequence of the burning of a building, while the insured is therein."

The company disallowed this claim, on the evidence submitted to it, consisting chiefly of the sworn statements made before the coroners' inquest, to the effect that the deceased took a pair of overalls out of gasoline and put them in a boiler of hot water. The evidence showed that the boiler was on a gas stove, with three burners lighted at the time, when an explosion or ignition took place. When this happened Mrs. Strawn ran into the yard, where Mr. Strawn picked up a rug and threw it over her. Her injuries were such that death resulted in a few hours.

BOOM LA FOLLETTE

PROGRESSIVE REPUBLICANS AT CHICAGO ENDORSED HIS CANDIDACY FOR PRESIDENCY.

Favor Direct Primary in Expressing People's Preferences—Former Secretary Garfield Heralded as Roosevelt's Representative—Medill McCormick Called Assembly to Order.

Chicago, Oct. 16.—Two hundred progressive Republicans in the first national conference to day endorsed the candidacy of Senator Robert M. LaFollette of Wisconsin, for president and declared in favor of a direct primary as a means for the expression of a presidential choice.

The endorsement came in the shape of resolutions framed, in part, by former Secretary of the Interior James R. Garfield, who, it was held by the delegates, appeared as presenting the views of Theodore Roosevelt, and who it was feared, would not consent to a declaration in favor of any individual.

Enthusiasm Over LaFollette. The resolutions followed a day of LaFollette enthusiasm in which his name was cheered repeatedly as it was expressed by a dozen speakers. Contrary to expectations, the conference was concluded in one day and most of the delegates left the city and the progressive program outlined for tomorrow will be devoted to support of state and local candidates and conditions.

The resolutions were framed by a subcommittee of five from a committee of thirteen and revised by former Secretary Garfield and Congressman Irvin L. Lenroot of Wisconsin. As finally adopted, the resolution read:

"The progressive movement is a struggle to wrest the control of the government in the nation and states from the representatives of special privilege and restore it to the control of the people. The issue is the same in all the states, though the problem may be presented in different ways."

"In the national field the control of government by special privilege is evidenced by the influence and power of the reactionary leaders in both parties, in checking or preventing the enactment of progressive policies pledged by the Republican party."

Rules for Corporations.

"The present condition of uncertainty in business is intolerable and destructive of industrial prosperity. It is worse than idle to leave the question of whether great business enterprises are legal or not merely to judicial determination. Industrial corporations should, by affirmative legislative enactment, be given definite rules of conduct by which business shall be made safe, and stable, while at the same time the interests of the public should be fully safeguarded. We seek constructive legislation not destructive litigation."

"We favor the ascertainment of the choice of Republican voters in candidates for president by a direct primary vote held in each state pursuant to the statute and where no such statute exists we urge that the Republican state committees provide that the people be given the right to express their choice for president."

Wisconsin Methods.

"Robert Marion LaFollette of Wisconsin, years ago found conditions in his state not unlike those of the nation today. Under his leadership all opposition was overcome and there has been enacted in Wisconsin a system of laws that stand as models for legislation in all states of the union. Laws have been passed in that state adequately regulating all public service corporations; equalizing the burdens of taxation; providing for direct nominations by the people; protecting legitimate business and capital honestly invested; promoting the welfare of labor—in short, real progressive government has been restored."

"The record of Senator LaFollette in state and nation makes him a logical candidate for president of the United States. His experience, his character, his courage, his record of constructive legislation and administrative ability meet the requirements for leadership such as present conditions demand."

This conference indorses him as a candidate for the Republican nomination for president, and urges that in all state organizations be formed to promote his nomination."

Committee on Resolutions. The resolutions were drafted by E. P. Costigan, Colorado; Charles E. Merriam, Chicago; James R. Garfield, Ohio; Amos Pinchot, New York; and J. E. Little, North Carolina.

SOCIAL EVENTS

The members of Belle Lettres society of the Woman's college entertained Monday evening at the college for all the new girls of the school. The gathering was in the nature of a theater party and a little farce, entitled "Petticoat Peril," was given in a very clever and amusing manner. During the entire evening the orchestra furnished music. The Belle Lettres hall was prettily lighted for the occasion and the decorations were also quite unique. Refreshments were served in the room used by the sewing department, the menu partaking of the nature of a theatre lunch. In every particular the young ladies of the society lived up to their reputation of being capital entertainers.

How to Make Delicious Wholesome Griddle Cakes

The best flour, salt, milk and most expert care, will not make really palatable Griddle Cakes if the Baking Powder is inferior. Because Calumet Baking Powder makes such tempting, wholesome, appetizing Griddle Cakes, it has become as popular for this purpose as it is for making other good things to eat.

Calumet is the highest quality Baking Powder at a moderate price. It received the highest award at World's Pure Food Exposition—passes the Pure Food Laws. Hence you are sure that food made with Calumet is pure, wholesome and health-giving.

Millions of housewives are pinning their faith to Calumet. You try it next time you bake—learn for yourself the new satisfaction.

CALUMET BAKING POWDER

Plain Griddle Cake Recipe

One quart flour (4 cups); one-teaspoon salt; 4 full cups milk and two teaspoons Calumet Baking Powder. Sift flour, Calumet Baking Powder and salt well together. Add milk, making soft batter. Bake immediately on hot griddle, well greased. When full of bubbles, turn and cook other side. Add two or three tablespoons melted butter, if richer and shorter cakes are desired. With the use of Calumet Baking Powder no eggs are required.

Indications For Go-day: The entire sales force at Frank's will be kept busy selling corsets.

American Lady—A Correct Model For Every Figure

There is no figure so contrary that it cannot be made stylish by wearing one of the new models of American Lady Corsets. They are made in a great many designs, and in the different sizes of the various styles there is the correct model for each individual figure. Smart dressing is the direct result of proper corseting. A perfectly lovely costume will lose its chic appearance entirely if the corset is ill fitting. The four models illustrated above are leading American Lady styles which we carry in all sizes.

American Lady Corsets range in price from \$1 to \$10; Lyra Corsets, ultra stylish models, \$5 to \$10

American Lady Corsets mean a better figure and a more perfect fitting gown. Try one next time

CENTENARY RALLY DAY

Large Attendance at Sunday School Session When Special Program Was Given—Rev. F. A. McCarty Made Practical Talk.

There were 412 present at the Rally Day services of Centenary Sunday school Sunday morning and the collection amounted to more than \$12. The program, which was an excellent one, consisted of several special musical numbers and an interesting program by the children of the primary department. The orchestra played several selections. Miss Alma Wilday sang a pleasing solo, and Stanley Hitt gave a cornet solo, with orchestra accompaniment, which was greatly enjoyed. Arrangements have been made so that hereafter splendid orchestra music will be furnished every Sunday. Wilbur L. Jeffries, solo clarinetist of Jeffries' band, has been added to the number of excellent musicians, and under the leadership of Miss Brown the orchestra is doing fine work. Next Sunday Prof. Stafford will play a violin solo.
Much interest is at present being taken in the Sunday school work at Centenary under the efficient leadership of Supt. L. W. Snerly and his corps of splendid teachers.
At the morning preaching hour Rev. Dr. F. A. McCarty, the pastor, delivered an address upon the importance of the Sunday school, its relation to the church and the community. He paid a tribute to the men and women that have given of their time and thought to the work of the Bible school without salary or even the thought of pay for their services. "The superintendents, as a rule," he said, "are men of large responsibilities and they and the teachers are in the work because of their love for it." The pastor also said that the church and the Sunday school should not be two congregations, but that they should be one and the same. He urged everyone to give thought to the great work that the Sunday school was doing for the home, the church and the community.

THE DOCTOR'S QUESTION.

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Recall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Recall Orderlies are eaten like candy, they act quietly, and aid in producing a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulency, excessive looseness, diarrhoea, or other annoying effect. They are especially good for children, weak persons, or old folks. Three sizes, 10c, 25c and 50c. Sold only at our store—The Recall Store, Lee P. Alcott, east side square.

BROOKLYN S. S. OFFICERS.

At a meeting of the Sunday school board of Brooklyn S. S. church Sunday morning, Rex Brittenham was elected secretary of the Sunday school to fill out the unexpired term of George H. Martin, recently deceased, and Harold Wright was chosen assistant. Irvin Potter, who is now teaching in the high school at Pittsfield, tendered his resignation as treasurer and Miss Fay Dresser was elected to fill that vacancy.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so gives health and strength to the whole body.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

MATRIMONIAL

Hoffman-Daub.

A very pretty home wedding took place Monday at the home of Philip Hackman, 134 Pine street, when his niece, Miss Zella Marie Daub, became the wife of Mr. John Theodore Hoffman. The marriage was performed by Rev. Dr. R. O. Post, pastor of the Congregational church, in the presence of immediate relatives, the impressive ring ceremony being used. The young people were attended by Miss Eva Williams of this city and Mr. Richard Strongman of Springfield.

The Hackman home was decorated in ferns, chrysanthemums and roses and presented a most attractive appearance. Following the ceremony an elegant wedding luncheon was served by Vickery & Merriam. The bride is a daughter of Mr. and Mrs. John M. Daub of this city and is a young lady of many graces, being deservedly popular with a wide circle of friends. She is an accomplished musician, having studied extensively both voice and piano at the Conservatory of Music.

Mr. Hoffman is manager of the Woolworth store in this city and is a young man of unquestioned integrity and recognized business ability. He came to this city three years ago and has made many warm friends during his residence in Jacksonville. Mr. and Mrs. Hoffman departed on the 1:29 train Monday afternoon for Colorado Springs, Denver and other points in the west and upon their return will reside at 735 West North street.

Scalf-Hamm.

Relatives in the city received word Sunday of the marriage of Joseph Scalf and Mrs. Minnie Hamm, which took place Tuesday October 10, at Peoria, Rev. Stephen Scalf, a brother of the groom, who is pastor of a Methodist church in Iowa, officiating. The bride is the eldest daughter of Mrs. George F. Smith of South East street. The groom is engaged in the wall paper and painting business in Peoria, where they will make their home.

FARMERS INSTITUTE

Profitable Session at Franklin Monday—Will Be Held at Concord Today.

The first of the farmers' institutes held in the county preparatory to the general institute to be held in this city Thursday, took place Monday at Franklin and was a very profitable session. Mrs. Margaret Burke, of the Household Science department, was the only state speaker to arrive, the others failing to make the right train connections, and she gave two very interesting talks, which were thoroughly appreciated. Miss Mabel Carney, who is to be the speaker on "Rural Sociology," sent a telegram early in the day stating that she would not be able to fill her date for this county, but Sherman Luttrell, the president, at once got into communication with her and the matter has been adjusted so that the public will be favored with her lectures during the later sessions of the institute. Superintendent Center states also that Prof. Frank Mann of the State Soil and Investigation and Experiment committee will be present.

In addition to the lectures yesterday a round table discussion was very profitably participated in by the farmers and while they were thus engaged their wives and daughters were likewise occupied in another hall. Initiative steps were taken toward the organization of a Domestic Science society.

A most commendable feature of the Franklin institute was the presence of a number of schools, which came in a body accompanied by their teachers—a most worthy and profitable example as no other feature of institute work promises more gratifying and far reaching results. "Short shoes and corns," says one practical farmer of the county, "to the school official or friend, who does not lend the pupils of Morgan county schools a hand in attending these various series of institutes." The second institute of the series will be held at Concord to day.

CARD OF THANKS.

We wish to thank our friends and neighbors for the many acts of kindness done during our recent bereavement; also for the many beautiful flowers.

THE QUESTION FOR DECISION

Three weeks from to day the regular fall election will occur in Morgan county and in Jacksonville aside from the choosing of a member of the board of county commissioners the greatest local issue attaches to the question: Shall Jacksonville continue to be anti-saloon territory? For weeks the advocates of the saloon and those who are opposed have been quietly at work, but doubtless from this time forth the battle will be conducted along more open and decided lines. For four years Jacksonville has been a saloonless city. There has been much liquor shipped in and consumed. Just how much no man can state with any degree of positiveness. There are those who argue that the consumption has been almost as great without saloons as with them and that the only result has been to rob the city of the possible revenue.

There are those who argue that without saloons that values of realty for rent or for sale are decreased and others will point to differing causes for any decrease in property values.

The Journal takes the position that these matters and arguments have nothing to do with the case. The question before the people is not one of personal drinking habits or of property, but whether or not the open saloon is a menace to the community or a benefit. In other words, the question of local option is a moral question. No man can argue with safety that the saloon is helpful to any community morally, that it ever contributed anything to the upbuilding of the character of any individual or of any community. The saloon is evil and baleful in its influence. Its open doors attract many a boy and many a young man who might never otherwise taste intoxicants; its lights and warmth and general attractiveness lure many a man there to spend money which should go for the care and comfort of his home and family. The lawless character of the average saloon breeds contempt for law and order. No saloon ever contributed anything to the moral welfare of any community.

FUNERALS

Woods.

Impressive funeral services for Prof. John H. Woods were held at 2:30 o'clock Sunday afternoon at State Street Presbyterian church, in the presence of a large gathering of relatives and friends, who had long known the deceased and honored him for his strong character and his noble life.

Rev. Dr. F. S. Hayden, dean of Illinois college, conducted the service, being assisted by Rev. H. D. French, R. M. Hockenbush sang effectively "God Shall Wipe Away All Tears."

The Rev. Dr. Hayden paid a beautiful tribute to the life and character of Prof. Woods, speaking in part as follows:

"I gladly accede to the request of his friends that I speak a few words concerning the character and public services of our former fellow citizen—Prof. Woods. The most marked traits of his character to the ordinary acquaintance were those of the recluse student. The men of former generations, so famed in our fond reminiscences—how few still linger among us. Perhaps the one who with white hair and erect figure still makes his daily journeys from Duncan park to his law office stands for the class—men of quiet student order, whose dearest companions were some loved volumes and whose fondest seat was by the library fire."

"Such was Prof. Woods, who loved books, who knew books, who probably surpassed most, if not all, of his contemporaries in wide acquaintance with authors. He lived in that serene atmosphere of men's thoughts and their deliberate and artistic expression of them, rather than the bustle of the world's work by machinery. It was typical of his character. His gentle voice spoke the same gentle language. His kindly judgments tipped with humor; his avoidance of the disputations of hot spirits; his willingness to hear the other man's opinion without irritation, all evidenced the influence on him of the serene and soothing companionship of books."

"His was a Christ's faith of the same gentle simplicity. If his readers had many treatises and acquaintance with the varied opinions of world thinkers on the greatest of all subjects—the religion of Christ—had awakened question or disturbing doubts, those undermining suspicions were never disclosed. He went his quiet faithful way, doing good and helping his pastor in the work of his church."

"Lately we buried the soldier—the man of action. Amid the tumult of battle and the noise of armor he did his work. To day it is the earnest Christian scholar of retired and silent days. Both served their day and generation honorably and well. Who shall decide which more efficiently or permanently?"

There was an abundance of beautiful flowers which were cared for by Misses Eleanor Thompson, Ida Mills and Zoe Tyrrell.

Interment was in Diamond Grove cemetery and the bearers were Frank Read, Supt. C. P. Gillett, L. O. Vaught, F. J. Heinel, Dr. T. J. Pitner and Dr. J. R. Harker.

Parks.

The funeral of Mrs. David Parks was held at 2 o'clock Sunday afternoon at the residence of her mother, Mrs. Elizabeth Coffman, 865 North Main street, in the presence of a large gathering of relatives and friends, many attending from Liberty. The services were impressive.

EAT WHAT YOU WANT TO EAT

Miller's Dyspepsia Tablets are the only remedy on the market that Do Not Restrict Your Diet. It is a remedy that Does Not Contain a Grain of Medicine to Digest Food.

YOUR STOMACH DOES NOT REQUIRE A MEDICINE TO DIGEST FOOD

If your stomach fails to properly digest the food you eat, it is in a Diseased Condition and needs a medicine to put it in a condition to perform the functions for which it was given.

If Your Child Swallowed a Copper Penny Would You Give It Nitric Acid to Digest It?

Then why put a strong medicine into your stomach as a digester of food when it will irritate and destroy its delicate lining? Miller's Dyspepsia Tablets act on the stomach like a salve on a sore and what is the result? A Running Sore. Miller's Dyspepsia Tablets Heal the Diseased Cells that give out the gastric juice that is necessary to digest food. When food is taken into a diseased stomach and only part of the cells perform their functions the result is a fermentation of food which causes palpitation of the heart, which leads the sufferers to suppose that he or she has an infection of that organ, vertigo, nervous tremors, sleeplessness, a tendency to yawn, nightmare, flatulence, heartburn, hot flushes, sour stomach, full and heavy after eating, belching up gas, tenderness over the pit of the stomach and many other symptoms. Unfortunately the malady disorders the whole system, including biliousness and constipation, and fostering a tendency to nervousness and insomnia. It is also a prolific cause of leanness and want of vigor, both very undesirable conditions. In cases where constipation is also present, we recommend the use of Miller's Constipation Tablets.

COLLIE DOG
BITES TWO BOYS

Animal Attacked Lad and Then Ran Six Miles on Mound Road, Where It Was Shot by Albert Owen—Dog's Brain and Spinal Column Sent to Pasteur Institute.

A collie dog belonging to Mrs. W. S. Jones of Kilmarnock occasioned no little excitement Sunday afternoon when it bit two boys who were playing in the Jones yard and then took a long run west of the city, stopping at the premises of Ferdinand Owen near the Point school house, where it was shot. For fear that the dog was mad, Dr. Charles E. Scott dissected the animal, taking out the spinal column and the brain, which he sent Monday to Antonio Logorio, of the Pasteur Institute.

On Sunday afternoon Leo Stewart, aged 13 years, son of John Stewart, living west of the city and David Smith, the 11-year-old son of Mrs. Emma Smith of the Mound road, had gone to the home of Mrs. Jones to play with her son Paul. When the dog began to act queerly the boys were up on a fence and were teasing the animal with a stick. He would bite at them and try to jump on the fence. After the boys had gotten down the dog made a rush for them, biting each on the leg, also Mrs. Jones' pony that was standing nearby, and then made a dash down the roadside. Those who happened to notice the collie stated that he bit at everything he could find, even making the trees his victims. He also tackled a number of dogs along the line and went pacing westward at a lively clip. When he reached the premises of Ferdinand Owen, about one-half mile east of the Point church, the first person he went after was Mrs. Owen. She observed that there was something wrong about the dog and at once made for the house with the collie close at her heels. About the same time Mr. Owen and his brother Albert thought it was best to be getting under cover also and consequently all ran for the house. Here Albert Owen procured a 22-calibre rifle and shot at the dog seven times. This was about 6:15 o'clock, about one hour and a half from the time the dog had bitten the boys.

William G. Richardson, who resides nearby, on hearing the shots, took a walk over to the Owen house. When he arrived he found the family inside and he was at once informed that there was a mad dog on the premises. A search was made and by the use of a lantern borrowed from Mr. Robinson, east of Jacksonville, who happened along at that time with his automobile, the dog was located in the corner of the yard dead. The Owen family had been considerably frightened by the dog and were greatly relieved in mind when they learned that the animal had succumbed to the rifle shots.

The wounds received by the boys were slight, but to prevent any chances of hydrophobia they were given medical attention, and Mrs. Jones has locked the pony up. There seems to be a question as to whether the dog was mad. Those who saw it said that it did not froth at the mouth, as is generally the case. Mrs. Jones states that she has always kept the dog tied up and scarcely ever allowed him to run about at will. She said that he was very fond of playing with children and so that was the reason he was loose. In speaking of the affair, Mrs. Jones said that there was a dog that had run across her premises just twenty-two days ago and had been killed south of the house. Everyone thought at that time that the dog was mad. The collie was nothing but a pup, being about eight months old. Those connected with the affair are doing everything in the way of preventive and at present no harm is anticipated.

DEATH RECORD

Moody.

Gideon Moody died Monday evening at 8 o'clock at Our Savior's hospital, where he had been ill for several months.

Mr. Moody was a native of Connecticut and emigrated west almost sixty years ago, landing on Joy Prairie which was his home till a few years ago. He was a peculiar person and an eccentric character but of a kindly disposition and had a number of friends among the good people in the northwest part of the county. He lived for many years among the Fairbank family as long as any of them were left on the prairie and he was always happy when in their society. He was about 80 years of age and was never married. He leaves one brother, Hon. Zenos Moody of Oregon and an ex-governor of that state.

He was always a quiet man and had but little to say. He was honest and industrious and ready to do a favor when it was in his power. He was reticent regarding himself and knew much of his history or life before he came to this state but he had a good name and none knew any harm of him.

S. A. Fairbank wired Governor Moody last evening and on receiving a reply will announce the time of the funeral.

Kirk.

Mrs. D. W. Osborne received a message Monday announcing the death of her grandmother, Mrs. John Kirk, who died at her home in Sandy Lake, Pa. Mrs. Kirk was 94 years of age. Her husband died in 1881. She resided in this city some fifteen years ago, when she lived on East State street.

Moss.

James Omer Moss died at 8:30 o'clock Sunday morning at his home, six miles northwest of the city, from tuberculosis. He had been ill for the past year or more.

Mr. Moss was a son of Robert and Sarah Moss and was born in this county April 19, 1887. He was a young man held in high regard by many friends and the news of his death will be heard with sadness. He is survived by his parents, two sisters, Mrs. John Farmer and Mrs. Thomas Long, and four brothers, Perry, Newton, John and Cleve, all of this county.

The funeral will be held at 10 o'clock this morning from the residence, in charge of Rev. Mr. Reed of Concord. Interment will be made in the Moss cemetery.

Coover.

P. V. Coover of the firm of Coover & Shreve, received a telegram yesterday, informing him of the sudden death of his mother, Mrs. R. N. Coover, at her home in Philadelphia, Penn. Mrs. Coover is survived by four sons and a daughter, as follows: W. L. of Philadelphia; C. M. of Annapolis, Pa.; J. V. of this city; F. W. of Higginsville, Mo.; and Mrs. E. Byrd of Philadelphia.

SOPHS ENTERTAINED

Illinois College '14 Held Annual Banquet Last Evening at Home of Miss Marian Capps on Park Street.

Illinois college sophomores assembled Monday evening at the home of Miss Marian Capps on Mound avenue for their annual meeting and banquet, and the affair was one of the most delightful of the sort ever enjoyed by a class of college students. The Capps home was made beautiful in decorations of lavender and white, the class colors, and the banquet and program given were excellent in every detail.

The class convened at 6 o'clock and strange to say there was not a freshman in evidence at any time during the entire proceedings to molest or disturb. Following the serving of the excellent menu, Gaylen Dugger, class president, rapped for order and proceeded to announce the speakers, who responded to the following toasts in a very happy and pleasing manner.

Reminiscences—William Russell. The Social Side—Durrell Hatfield. School Spirit—Henry Stotlar. Diamond in the Rough—Thurman Wright.

Classes of '14—Edith Engvall. Remarks—Prof. Leavitt, class officer.

At the conclusion of the banquet, the class adjourned to the campus to ring the college bell and in other way make it known to the "Freshies" that the "Sophs" had met.

The members of the class are Leroy Buchheit, Annie Bellatti, Marian Capps, Mary Case, Gaylen Dugger, Edith Engvall, Durrell Hatfield, Florence Rice, William Russell, Henry Stotlar, Bessie Struck, George Turl and Thurman Wright.

ODD FELLOWS GET SPECIAL LETTER

Attention Again Called to Central Illinois Association Meeting Held Here Tomorrow—Merchants Requested to Decorate.

Every lodge in the eight counties, which are included in the Central Illinois Odd Fellows' association, received yesterday the following final notice of the great meeting to be held in this city tomorrow:

To Officers and Members: We wish to again call your attention to the fifth annual meeting of the Central Illinois Odd Fellows' association, comprising Morgan, Scott, Cass, Greene, Pike, Fulton, Sangamon and Jersey counties, to be held in Jacksonville Wednesday, Oct. 18. Arrangements have been completed for the most interesting and profitable meeting yet held by the association. Reports coming in from the various lodges indicate that there will be a large attendance.

In the afternoon at the opera house a program of rare excellence will be given, to which the public is cordially invited. At night in Armory hall, south side square, will be given the secret work in the initiation, the first and second degrees by degree staffs especially drilled for the occasion, a prize of \$10 to be given the staff doing the best work. At 5 p. m. in Odd Fellows' hall will be held the business meetings of the association, which the delegates from all lodges are expected to attend. Business of importance will come up for action. Odd Fellows hall will be kept open all night for the accommodation of those brothers wishing to get out on night or early morning trains.

Yours in F. L. & T.
Chas. E. Seymour, Pres.
A. B. Williamson, Sec.

The decoration committee especially requests the merchants to display flags, bunting and banners of the order, so that the 800 or more visitors may be assured that they are given a cordial welcome to the city. Last year a number of I. O. O. F. flags were used in store decorations and the same might again be displayed with good effect.

MATCHES CAUSE DEATH

Two-Year Old Daughter of Duncan Taylor, Living Near Beardstown Succumbs to Poison.

J. W. Taylor of West College avenue received a telephone message Monday telling of the death of his little niece, Mary Taylor, aged 2 years, daughter of Mr. and Mrs. Duncan Taylor, who reside near Beardstown. The little girl in some way obtained a box of matches and before the family knew it had eaten off the ends of a large number of them. A physician was summoned, but medical aid proved fruitless, the baby dying at 6 o'clock Sunday evening. The child was a bright little tot, loved by everyone in the community, and her death comes as a great shock to the family and friends. Besides the parents she is survived by three sisters, Edith, Blanche and Olive.

The funeral services will be held this morning at 11 o'clock and Mr. and Mrs. Taylor and their daughter, Miss Florence, expect to attend.

LOST—Between corner of W. State and North West street and Illinois Hotel, family washing wrapped in piece of carpet. Notify Barr's Laundry. Reward. 17-24

Otto Splith will go to Springfield tomorrow to attend the state convention of the Illinois Photographers' association, of which he is a member.

HORSES STOLEN

Two Animals Taken From Morgan County Farmers Sunday—Boys Are Suspected.

Two horses were stolen Sunday evening. One owned by Al Rennaker, was taken from the hitch lot on West Morgan street near the blacksmith shop of James Seaver and the other was taken from the barn of Lester Kennett of Alexander. Charles Decker, aged 16 years, and another boy named Smith who is about 12 years, are charged with the thefts, but as yet they have not been located.

Al Rennaker is a farmer living near the city and when he came to the city Sunday he tied his horse in the hitch lot about 5:30 o'clock. When he went back for the horse about 9:30 o'clock it was not to be seen and he notified the police. Just a few minutes later the police received a call from Lester Kennett at Alexander, saying that a horse had been stolen from his barn and that he saw tracks of a rubbled tire vehicle leading up to the barn. As Decker and the other lad were seen at Alexander between 8 and 10 o'clock Sunday night and it is thought that after taking the horse from this city they drove to Alexander and took the other animal. The police have notified several of the surrounding towns of the thefts, giving a description of the two suspects.

Until about a month ago Decker worked for Mr. Kennett, but also that time he was dismissed. He was up in the local police court a few weeks ago on a charge of stealing chickens.

HELD ANNUAL MEETING

Stockholders of Illinois Telephone Company Met and Heard Reports. The annual meeting of the stockholders of the Illinois Telephone company was held Monday afternoon at the company apartments on West State street. Judge C. A. Barnes and S. W. Ingalls of this city and M. B. Ross of White Hall were elected to positions on the board of directors and John R. Loar, who, upon the death of E. S. Greenleaf, was chosen to serve until the regular election was re-elected by acclamation.

The reports of R. A. Gates, auditor, and W. W. Holliday, general manager, showed the company to be in good condition. The general manager's report showed a gain in the number of patrons all over the system, the largest being in Jacksonville, where a gain of 104 has been made during the year. The meeting adjourned until Saturday, when the election of officers will take place. The directors present from out of the city were M. B. Ross of White Hall, E. A. Belknap of Greenfield, Charles C. Bates of Roodhouse, and A. P. Grout of Winchester.

Alkire, the singing was led by Alexander Campbell and the trio, composed of Messrs. Campbell, Rapp and Phillips and the singing was greatly enjoyed. The trio gave a selection "Vote for Local Option," to the tune of "Tramp, Tramp the Boys are Marching," and also sang a number of other selections.

Robert Hunter, who suffered a sinking spell on the square Saturday evening, is getting along well at his home on South East street.

CASHIN IMPROVING

Man Shot Saturday Night Likely to Recover—Reward Offered for Arrest of Men Under Suspicion.

Frank Cashin, who was shot by an unknown negro Saturday night and who is a patient at Our Savior's hospital, seemed to be a little better Monday and it is thought that his chances for recovery are quite good.

As yet the police have been unable to locate John Matlock, alias "Whitefolks," and Robert Pruitt, who are suspected of the deed. The police were at first inclined to believe that Pruitt fired the shot, but later developments lead them to think that Matlock and not Pruitt did the shooting. In the hope of locating the two men at an early date the police department and sheriff have offered a reward of \$25 each for the men. A number of cards were sent out Monday bearing the following under the caption: "Wanted for Attempted Murder," and signed by Chief Davis and Sheriff Rogers: "We will pay \$25 reward each for the arrest of Robert Pruitt and John Matlock. Robert Pruitt—colored, age 20 years; height 5 feet 9 inches; weight 160 pounds; hair black and curly, black eyes, brown skin, mustache one week old. John Matlock, alias "Whitefolks"—negro, age 26 years; height 5 feet 8 inches; black kinky hair, dark brown skin, large mouth, scar on neck 2 inches long. Arrest, hold and wire at our expense."

Received, full line of beavers in all colors, \$2.08 up. Millinery headquarters.

THE EMPORIUM.

IN JUSTICE COURTS.
Arthur Hamilton was fined \$3 and costs Monday in "Squire Coons" court. Arthur Anders, who was arrested Sunday on the charge of vagrancy, was put under sentence of 90 days in the county jail Monday in "Squire Coons" court, but by special agreement between Chief Davis and the defendant the mittimus is to be withheld for a period of six months on pledge of good behavior and should the defendant violate his pledge he will at once begin serving his sentence.

NOTES FROM THE EAST

A Day's Journey by a Representative
of the Journal Over a Part of the
County Eastward.

Monday morning a Journal report-
er had the pleasure of driving to-
ward the eastward part of the county
and calling on a number of good
friends by the way and while all
may not be mentioned in this article
they are still valued by the manage-
ment of the paper and their good
will is an asset carefully reckoned
by the company.

As one leaves rock bridge which
spans the creek where the Wabash
crosses it the turn in the road takes
the traveler up a gentle hill and
immediately he is among a fine
neighborhood. Grouped about are
the homes of Theodore Tyrrell, who
claims the proud distinction of being
one of the unusually young volun-
teers during the civil war; Frank
Schir, Ben Lorton, George Bader,
James R. Smith and E. A. Camp.
This is a community in which any
man might be glad to have his home.

On a little farther and one finds
the formerly dilapidated and vacant
place all fixed up into a neat, tasty
and commodious home and occupied
by Joseph Brown and his estimable
wife, who are indeed costly fixed. A
few rods more takes one to another
bunch of people who are a credit to
the community. William Bibb with
his pleasant home; Richard Perkins,
the wide awake fruit and flower
man. His big green house makes a
fine appearance and the traveler sees
evidences of enterprise and prosper-
ity in that place.

Among Mr. Perkins' neighbors are
C. A. Boston, W. C. Thompson and
George S. Killam and John Boston.
The latter gave the scribe a cordial
greeting as he drove by the gentle-
man's home and the two had a chat
about various matters, among them
the unfinished interurban railroad
for which Mr. Boston worked so
hard and for which he gave so liber-
ally. He is anxiously waiting for
the time when it will be completed
and the Journal hopes it will not
be many months for certainly Mr.
Boston deserves a good opportunity
to get to and fro as he has proved
himself an enterprising, public spir-
ited gentleman.

A bit farther east is the home of
Andrew Bacon, so widely known over
the east part of the county and
he has for neighbors some good men.
R. E. Phillips, Frank Wingler, E. W.
Cully, G. L. Pond, J. A. Masten are
among the residents of that imme-
diate vicinity and all are good men
who have the welfare of the com-
munity always at heart. Charley
Jones used to live in that vicinity but
J. A. Masten has taken the place
and lives near little Salem M. E.
church almost under the droppings
of the sanctuary.

A historic name is that of W. H.
Harrison and it takes one back a
good way when we think of the old
time slogan which we have heard
from our fathers, "Tippecanoe and
Tyler too." Others not far away
are E. M. and J. W. Davies, J. B.
Smith, Charles Dodds, R. W. Reeve,
C. M. Coons and now we are well
out on the "state road," traveled so
much by the people of the county
and state. Another fine set of men
are J. M. Green, R. L. Harney, Scott
Green, Milton Smith, William W.
Walbaum, W. C. Baxter, J. B. Car-
ter, Chris Horner and others. These
are in the vicinity of Antioch church
and of course are good since they
are so near the church they can't
help getting the benefit. Mr. Baxter
probably found his day's mail, not
in the box by the roadside, but at
his home, where it was left by a
good natured friend who meant to
do him a favor by delivering his
mail for him but when that friend
found the family absent it occurred
to him that probably they might be
out on the "state road" somewhere
and be able to get the mail them-
selves; but they surely got it any-
how and on time.

Opposite the home of Mr. Wal-
baum on the Oran place, they are
beginning to bore for oil and have
placed the machinery and were down
some sixty feet when the reporter
arrived on the spot. They are grind-
ing away and hope to find the bad
luck they had with the Tindall well,
which proved such an expensive
proposition.

All along the road, a few miles
out, one meets with the evidences of
the work done by our prospectors
who left the pipe sticking out of
the ground and in common with all
public spirited people the Journal
most earnestly hopes that oil and
gas will be found in abundant quan-
tities in our vicinity. The prospect-
ors have put into the work a lot of
good money and have asked odds of
no one and their manner of doing
business seems to be honorable and
fair and they are deserving of
abundant success which the Journal
sincerely hopes they will have in
their enterprise.

We are nearing the road which
turns south to go to Orleans and
come to the pleasant home of John
A. Daveport. Not far away is the
residence of H. E. Perry and on the
far famed Dr. Weagley farm is
where George McQueen and his fa-
ther live. They are good citizens
and such a baby as there is who,
in due time, will call George and
May papa and mamma one hardly
sees in every house. Barlow Mc-
Intyre has charge of the place and
the McQuens are his faithful em-
ployees doing the work in a conscien-
tious manner and to the satisfaction
of their employer. Thomas Long is
a good citizen and well respected by
all who know him. M. G. Zachary
is another man known for honor and
integrity.

Turning north we pass the little
schoolhouse on the brow of the hill
overlooking the little stream below
and climbing the hill opposite pass
by some fine fields of corn and pull
up at the neat home of J. R. Sprad-
lin, one of the worthy residents of
that vicinity. Mr. Spradlin has an
interesting family and is a hard-
working, industrious gentleman. He
lives in a historic neighborhood,

where the name of Robertson has
for a long time been a tower of
strength and where people of that
name still hold large interests.

One of his neighbors is W. E.
Morrow, who has a pleasant home
and is a man well known and hon-
ored by a great many friends and
acquaintances. The scribe had the
pleasure of a call at the beautiful
home of his long time friends, An-
drew Harris and wife. Their house
is a model of convenience and com-
fort combined with fine looks and
elegant surroundings. Surely they
have all reason to be pleased and
happy as they are, no doubt. Mr.
Harris and his son are among the
successful live stock dealers of the
county and their word always goes
with the people who know them the
best.

We are now going eastward and
soon come to the pleasant home of
L. B. Trotter who certainly is well
fixed as far as this world's goods go
for his home is handsome, comfort-
able and convenient. Not far from
him is the pleasant residence of
Samuel Dunlap and his aged mother,
Aunt Dicey, probably the oldest per-
son in the county. The dear old lady
still retains the possession of her
facilities to a wonderful degree and
looks forward to the celebration of
her birthday with a great deal of
pleasure which is shared by her
friends.

Charles Mathews is another of the
fortunate ones in that he possesses
a pleasant home well supplied with
what is necessary to make life
agreeable and not far away is an-
other place which shows that the
owner, William M. Cleary, is well
fixed for the goods of earth and
knows how to enjoy them. His home
is surrounded by noble trees and is
itself a fine building and well ap-
pointed.

A pleasant call was also enjoyed
at the home of the scribe's highly
esteemed friends, Mr. and Mrs. Wil-
liam Waters. There is a home where
kindness prevails and one whose
hospitality is enjoyed and greatly
appreciated by the writer who has
found a welcome there more than
once and has a standing invitation
to come again. Mrs. Waters is soon
to enjoy a visit with her aged mother
and is anticipating the trip with no
small pleasure. She and her hus-
band will be away a few days en-
joying a vacation.

On the Cyrus Mathews place live
Mr. and Mrs. Larsen and they are
taking good care of it, too. Mr. Lar-
sen is a fine gentleman and his wife,
a daughter of Mr. Mathews, is a lady
well fitted to grace the home of her
parents who were so greatly re-
spected.

Rounding the corner we come to
another wide awake gentleman, E.
B. Boyd, who has a home which he
has good reason to enjoy all right.
A distance more to the west and the
route turns northward again and we
find the homes of John Halligan, H.
S. Cully, Claude Kennett, Homer
Cully and others. The Cully barn
is known all over that vicinity as
one of the best structures of the kind
and it is indeed a fine one. Now we
go back and turn again toward the
setting sun and soon encounter a
troop of merry children returning
home from school. They are bright
little people and have no doubt a
good teacher who endeavors hard to
instill into their minds the knowledge
that will make them useful members
of society when they grow up.

Down to the south is the residence
of S. O. Cromwell who has a truly
historic name, for the great Pro-
tector left a record which is not of-
ten equaled in the annals of history.
Among his neighbors are A. J. Bar-
ber, W. S. Byrns, O. W. Hoagland,
John M. Carroll and other enterpris-
ing men who are doing their part
toward making the world happier
and better.

The scribe was accompanied by
his little friends, Wallace Baptist
and Louis Leurig, both of whom
proved to be very acceptable com-
pany, well behaved and all right.

DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's
Vegetable Compound

Pound, Wis.—"I am glad to an-
nounce that I have been cured of dys-
pepsia and female
trouble by your
medicine. I had
been troubled with
both for fourteen
years and consulted
different doctors,
but failed to get any
relief. After using
Lydia E. Pinkham's
Vegetable Com-
pound and Blood
Purifier I can say I
am a well woman.
I can't find words to express my thanks
for the good your medicine has done
me. You may publish this if you wish."
—Mrs. HERMAN SETH, Pound, Wis.

The success of Lydia E. Pinkham's
Vegetable Compound, made from roots
and herbs, is unparalleled. It may be
used with perfect confidence by women
who suffer from dyspepsia, inflamma-
tion, ulceration, blood tumors, ir-
regularities, periodic pains, backache,
bearing-down feeling, flatulency, indig-
estion, dizziness, or nervous prostra-
tion.

For thirty years Lydia E. Pinkham's
Vegetable Compound has been the
standard remedy for female ills, and
suffering women owe it to themselves
to at least give this medicine a trial.
Proof is abundant that it has cured
thousands of others, and why should
it not cure you?

If you want special advice write
Mrs. Pinkham, Lynn, Mass., for it.
It is free and always helpful.

Why is the soda cracker to-day such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

To-day there is a soda cracker which is the recognized staple — Uneeda Biscuit.

Uneeda Biscuit are the most nutritious food made from flour and should be eaten every day by every member of the family from the youngest to the oldest.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection—until you take them, oven-fresh and crisp, from their protecting package.

NEW PENSION PLAN

Commissioner Davenport Seeks To Simplify Method of Payment.

Washington, Oct. 16.—A saving, estimated at \$1,000,000 annually to the pensioners of the United States and eventually about \$180,000 a year to the government, is contemplated by a simplified plan for the payment of pensions without vouchers which Commissioner of Pensions J. L. Davenport submitted to the secretary of the interior in his annual report made public to day. During the year \$157,325,160 was paid as pensions, a decrease of \$2,498,154 from last year, making the total amount paid in pensions since the foundation of the government \$4,230,381,730. There were 55,185 names dropped from the roll and 26,200 added, leaving a net loss of 28,985 pensioners. The total number at the end of the year was 892,098, the smallest since 1892. Methods of economy resulted in a decrease of the cost of administration by \$140,546, the amount being \$2,517,127, the lowest since 1882.

New Payment Plan. Commissioner Davenport's plan, which was devised at the request of congress and which will require the passage of a law, would greatly simplify the methods of paying pensions, result in the mailing of pension checks on the date upon which the pension falls due, eliminate the cost to the pensioners in a large majority of cases of the execution of pension vouchers, which varies from \$1 to \$3 yearly; decrease to a considerable extent the work in drawing and mailing of pension checks and eliminate the sending of 4,000,000 letters yearly through the mails, saving about \$80,000 thereby.

The plan contemplates payment direct by checks mailed to the last address of the pensioner. Besides the indorsement on the back of these checks the government would require certification by two witnesses as to identity. In a few instances Commissioner Davenport said vouchers still would be required.

Commissioner Davenport told of his efforts to ascertain the truthfulness of reports in the press and elsewhere that the pension roll was honey-combed with fraud. He sent field men from pensioner to pensioner in the Washington agency, and is now doing the same in the Knoxville agency, with a view to probing fraud. Out of a total of 47,181 pensioners and questioned only 26 cases of improper pensioning were revealed. The commissioner said he believed the check system would put an end to any fraud that may now exist.

Number on Roll. The number of soldiers and sailors on the pension roll at the close of the fiscal year was 570,050; dependents and widows, 321,642, and army nurses 406. There were 529,884 survivors of the civil war; 35,243 having died during the year. It is believed that only about 25 per cent of the estimated 2,213,365 individuals in the United States service during the civil war are now living, the death rate of the survivors being now slightly in excess of 6 per cent yearly. The average age of survivors is now about 70 years.

The last pensioner of the revolutionary war, Mrs. Phoebe M. Palmer, daughter of Jonathan Woolsey, who served in a New Hampshire company, died at Brookfield, N. Y., April 25, 1911, aged 90 years.

Mrs. Britannia W. Kennon of Washington, D. C., a great grand daughter of Martha Washington, and who died during the year, drew a pension as a widow longer probably than any other person in the history of the pension office, having received \$50 a month for almost 67 years. Mrs. Kennon was the widow of the captain of the U. S. S. Princeton, who was killed Feb. 28, 1844, by the bursting of a cannon on that vessel, on which occasion two members of President Tyler's cabinet were killed.

READ THIS. Jacksonville, Ill. "I am a farmer and was suffering with acute kidney trouble, could not get up or down for Rheumatic pains in back and hips, \$1.00 bottle of Hall's Texas Wonder of 2926 Olive street, St. Louis, cured me. Frank Murgatroyd. Sold by J. A. Obermeyer, druggist."

DELIGHTFUL GATHERING. A happy gathering of the relations of Mr. and Mrs. J. J. Lonergan was held at their home near Murrayville Sunday. The event was planned in order to celebrate the birthdays of eight members of the families occurring in the month of October.

A sumptuous six-course dinner was faultlessly served, which was thoroughly enjoyed, as each one did full justice to the many good things prepared.

The day, which was a most enjoyable one, will long be remembered by those present, who were:

Mrs. M. Lonergan and family, P. H. Bernard, Anna, Irene, Mabel and Teresa, Mr. and Mrs. Otto Schum and daughters, Margaret and Frances, all of this city, Mr. J. Winters, Mr. and Mrs. Thomas Winters and family, Eleanor and John, Miss Ellen Connolly, Coy and Elsie Palmer, Mr. and Mrs. J. J. Lonergan and son, Louis, all of Murrayville.

PUBLIC PRACTICE. The management of the Nichols Park Gun club have received numerous inquiries as to whether the public is allowed to use the club grounds at the park for target shooting. They have decided to hold a public practice to day, which will be free.

A Medicine That Gives Confidence. Is Foley's Honey and Tar Compound. Mrs. T. J. Adams, 222 No. Kansas Ave., Columbus, Kan., writes: "For a number of years my children have been subject to coughs and colds. I used Foley's Honey and Tar Compound and found that it cured their coughs and colds, so I keep it in the house all the time." Refuse substitutes. J. A. Obermeyer, Jacksonville, Ill.

FATHER COSTA HERE

Catholic Church on East State Street Built While He Was Priest in Charge—Nearly Ninety Years Old But Still at Work

Rev. Father Joseph Costa, pastor of the Catholic church at Galesburg, arrived in the city Monday afternoon at 1:30 o'clock and is a guest at the local Catholic priests' residence. Father Costa is on his way to Springfield to attend the golden jubilee of Fathers Zabell of Carlinville and Hovan of Bunker Hill, which will be held today, and he and Very Rev. J. W. Crowe will go to Springfield this morning.

Rev. Father Costa is well known to local Catholics, as he was pastor of the local church from 1862 to 1869 and it was during this time that the church on East State street was built. When Father Costa came to this city the church was located on North Main street, and the membership was rapidly growing. He saw the need of a new church and after hard work, and in the face of a great deal of opposition he built the present Church of Our Savior.

Although Father Costa is 89 years of age he is still actively at work at Galesburg and has still retained his faculties to a remarkable degree.

Take Your Common Colds Seriously. Common colds, severe and frequent, lay the foundation of chronic diseased conditions of the nose and throat, and may develop into bronchitis, pneumonia, and consumption. For all coughs and colds in children and in grown persons, take Foley's Honey and Tar Compound promptly. J. A. Obermeyer, Jacksonville, Ill.

STORE ROOM BURNED. Latham, Grocery Establishment on South West Street Damaged by Fire.

About 3:30 o'clock Monday morning the fire department was called to the grocery store at the corner of South West and Anna streets, conducted by George Latham, which in some mysterious manner had caught fire.

The fire started in the rear of the store where the oil and gasoline cans were kept and before the department had arrived the tanks had exploded and the rear end was all ablaze. It was only a few moments after they had received the alarm that the firemen were on the scene and as the flames were rapidly gaining they saw that the only way to save the building was to drown the fire. The flames were soon extinguished in this manner and although the storeroom was not badly damaged the stock was almost completely destroyed. The building is owned by Robert Cassell and was insured. Mr. Latham was out of the city at the time of the fire.

Grain Letter.
Chicago, Oct. 16.—Wheat—Narrow, showing considerable strength early, but easing off later through lack of support. News and statistics are mainly bullish. Northwestern cars were less than last year and also a week ago. Good inquiry for the better grades of milling wheat continues. World's shipments were very disappointing at less than 8,500,000 bushels. Wheat markets are reported as having hard work from the southwest. While big stocks continue to give the situation a bearish appearance, the healthy cash markets show a great deal of underlying strength. We believe good buying will develop on all breaks.
Corn—Acts heavy in spite of unsettled weather, forecast again over the belt. Country offerings, however, are fairly liberal and the cash market shows an easier tone. Outside speculative investment very disappointing. A great deal of corn is sold for future, and winter shipment and big receipts are expected, even unseasonable weather. The early arrival of new corn indicates that harvesting is making good progress in spite of difficulties.

Oats—Oats have shown more weakness under important local selling. The best buying was for the account of cereal interests who took futures freely on the decline. Professional speculators are heavily long on oats and any increase in the movement would doubtless cause a sharp break through scattered liquidations.
Provisions—Provisions quiet, but showing a firm undertone. Offerings are light. Hog market active and firm. Exports of lard this week were double those of last year. There is a considerable short interest which may prove helpful. We think hog product is a purchase for season.

Farms Right at Home

Farm No. 1114—One of the choicest and well tiled prairie farms in this country, of 160 acres at \$20 00 an acre. In Sangamon county and within 3 and 1/2 to 5 and 6 miles to 3 different stations. This is a Waverly farm.

1733—A very desirable and attractive farm of 43 acres for \$7,000. Neatly improved. 1 1/2 miles to Clements. A good farm and an excellent home for any one who wishes a small farm.

1732—160 acres for \$1500 an acre. Two sets of good improvements and on opposite sides of the road. The farm is well tiled and is a cleared farm. The entire farm and all of the improvements are in the very best of condition. Thoroughly well fenced and an abundance of water. Five miles to Clements, being the nearest station to the farm on the Chicago & Alton R. R.

1700—200 acres for \$140 an acre. 160 acres of this farm is choice and deep soiled black prairie. One of the best farms in the neighborhood of Grafton. Near two towns on the Chicago & Alton and both towns having interurban trains going to Springfield & St. Louis hourly. A very choice farm at this price of \$140 an acre.

1703—440 acres at \$30 an acre in Macoupin county. Two and one-half miles to a good station. The improvements are good and it is considered a good farm to any one who wishes a good grain and stock farm. This farm on its merits as I am advised is worthy of attention by a farm prospecter.

No trouble to show goods at this office, which is opposite to the Ayers National bank now under construction.

Farm No. 1720—60 acres; a choice all prairie farm; the tiling of this farm cost \$15 an acre; improvements fair; \$180 an acre; near to Auburn and Leander and about 7 miles from Waverly; interurban at Auburn. Sangamon county.

Land+Water=Good Crops Land-Water=Failure

The Big Horn Basin and Yellowstone Valley Have an Abundance of Water for Irrigation Purposes

The Government has made ample provision to supply each and every farmer under its canals with sufficient water during the crop growing season to cover each and every acre of his farm two feet deep. This is equal to twelve heavy rains of two inches each. Just think what it would have meant to your community during the crop growing season, just closed, if your farmer could have turned on twelve two inch rains at will. You can do this next year and every year thereafter as long as you are farming, if you will go with me to Powell, Wyoming, and file on one of the government irrigated homesteads, now ready for entry.

ARCHES WILL REMAIN

City Council Decides to Keep Them for Lighting Purposes—Postpone Pumping at Wells—Power Too Costly.

The city council held a brief session Monday morning, when business of a routine character was transacted. In the absence of Mayor Davis, who is in Springfield for a few days, Commissioner Knollenberg presided. The minutes as read by Clerk Pyatt were approved. Claims were read and approved and were ordered paid as far as funds are available. The council agreed to refund to Thomas Oxley the amount paid for a license fee to sell melons. Acting on the report that for a portion of the month only the bill from the Jacksonville Railway & Light Co. for furnishing power for pumping at the Widenham & Daub wells was \$300, the council decided that pumping there should not be continued until the power can be secured from the city.

Commissioner Newman reported that he had acted favorably on the petitions of Mr. Hatfield and Mr. Ferreira for new walks. It is likely that the city will lay the walk on East State street just east of the Herman store, as the four property owners interested have not as yet agreed to do anything about it. The whole job will not cost more than ten or twelve dollars. A communication was read from Mr. Brown in which he advocated leaving the arches in their present position at the entrances to the square and hanging arcs or cluster lights there. The council concurred in this report. The report of the health warden, Dr. A. M. King was received and placed on file.

An ordinance was read changing the price of scavenger work from 10 to 15 cents per cubic foot and was laid over under the rules. An ordinance was also read and laid over providing that formal application must be made by persons who intend to use city water and that only one property owner shall be supplied through one tap, save in some special instance where special authority has been granted by the commissioner of public works. An informal report made with reference to poll tax showed that the collections have come up to expectations. It was determined to begin the arrest of persons who refuse to pay the tax or to work on the streets. The report of the health warden and the recommendation of Mr. Brown about the steel arches follow:

About Steel Arches.
"Your commissioner would respectfully report that since he is unable to obtain a proposition for the removal of the same, which would not net the city anything, and since if these arches were removed it would necessitate erecting ornamental standards for lights and connecting up the same with underground cable all of which would entail more expense than we are at the present time able to undertake; and further, the arches are self-supporting and can be used for attachments for carrying aerial wires I would therefore recommend that the four arches that are now located just inside the park edge be removed and Tungsten clusters or luminous arches be placed on the arches and it will require no more current than the present method and give better results. The arches can still be used for decorative purposes if desired."

THE ONLY WAY

Many Jacksonville Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, angur, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Jacksonville citizen.

J. M. McCullough, 211 1/2 E. State street, Jacksonville, Ill., says: "I have taken Doan's Kidney Pills and I consider them to be a good kidney remedy. When I feel in need of a kidney tonic, I procure Doan's Kidney Pills at Armstrong's drug store and they always benefit me."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

RAIN INTERRUPTED

Game Stopped in Second Inning With Score 3 to 0 in Favor of Sox.

Chicago, Oct. 16.—With the Chicago American league team leading the Chicago Nationals by 3 to 0 in the fourth game of the city championship series today, rain fell in torrents in the last half of the second inning, causing the game to be postponed. Having three victories in a row to their credit, the American leaguers expect to win tomorrow, thus ending the series.

Manager Chance started Cheney, a recruit pitcher, against Walsh, but after making two wild throws to first base in the first inning, Chance sent Brown to the rescue. The Sox scored three runs in the first when Lord walked, went to third on Cheney's wild throw and scored on McIntyre's single. Cheney threw Bodie's grounder wildly and Callahan followed with a single, scoring Bodie. The Nationals were unable to get a man on base in the first inning and the American leaguers went in order in their second. Scantle, first up for the Cubs in the second, fanned when rain ended the play.

Before the game Frank Schulte, the Cub outfielder, was presented with the National league automobile prize and the pennant, won by the Cubs when they were declared 1910 champions of the National league, also was hoisted.

It is probable that Walsh will oppose Brown in the pitching tomorrow.

At St. Louis.
St. Louis, Oct. 16.—The National league team won from the American league team in the game today for the city championship by 9 to 5. The Americans used three pitchers ineffectively.

Announcement was made that the teams will play a double header tomorrow, winding up the fall championship.

Score by Innings.—R. H. S. Americans... 011 001 101—5 4 9 4. Nationals... 320 100 003—9 16 2. Batteries—George, Powell, Nelson and Stephens; Steele and Bliss.

THE SWOPE TRIAL

Hearing of Now Famous Case to Open at Kansas City.

Kansas City, Mo., Oct. 16.—Unless there is some change made necessary by circumstances unforeseen now, the second trial of Dr. B. Clark Hyde for the alleged murder of Col. Thomas H. Swope will begin in the criminal court here this week. The case is one of the most celebrated in the criminal annals of this section of the country. Colonel Swope, the alleged victim of the murder plot, was one of the foremost citizens of Kansas City and was widely known as a millionaire and philanthropist. Dr. Hyde, the alleged murderer, was a physician of good standing. Hints that other members of the Swope family had met with mysterious deaths deepened the public interest in the case.

The first trial of Dr. Hyde ended May 16, 1910, and resulted in a verdict of guilty and a sentence of life imprisonment. Dr. Hyde's inability properly to explain the purchase of capsules of potassium cyanide was chiefly responsible for his conviction.

The first of a series of deaths in the Swope family was the death of James Moss Hamilton on Oct. 1, 1909. The prosecution charged Hyde purposely led the patient beyond the limit of recovery. Two days later Col. Swope was stricken with convulsions and died. Witnesses testified that a few minutes before the convulsion Dr. Hyde had given Col. Swope a capsule—similar to the cyanide capsules it was shown he bought.

Col. Swope's will, leaving \$1,600,000 to relatives was filed, and then Miss Margaret Swope, a niece of Col. Swope, became ill with typhoid fever. Then Chrisman Swope and two other relatives mentioned in the will became ill with typhoid. December 6 Chrisman Swope died, having convulsions similar to his uncle, Col. Swope.

Two days later two more girls—legates under the will—became ill with typhoid fever, and nurses at the trial testified that Hyde had inoculated the sick persons with the fever germs. The repeated and continued illness and the two sudden deaths aroused suspicion and a secret autopsy was made of the exhumed body of Col. Swope and later that of Chrisman. On the testimony of a druggist who sold Hyde the potassium, as well as that of nurses in the Swope home and of the typhoid patients, Hyde was convicted. Mrs. Hyde, a niece of Col. Swope, stuck by her husband and against her relatives, and went on the stand in his behalf, but in vain.

On April 11 last the Missouri supreme court granted Dr. Hyde a new trial. Since that time the convicted physician has been at liberty on bail and has spent the most of his time in Michigan and in the northwest. The prosecution of the second trial is to be handled solely by the prosecutor's office. In the first trial Mrs. Logan O. Swope, widow of Col. Swope, spent a small fortune in the employment of special counsel and expert witnesses to aid the prosecution.
